Protect.

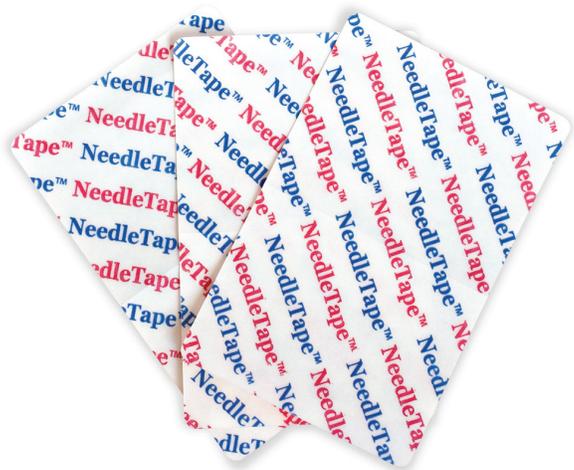

NeedleTape™ - a die-cut specialty medical tape designed for fixating needles in various healthcare settings. Repeating safety identifier provides additional visual awareness for healthcare workers.

NeedleTape™

Secure, Alert, Protect

Features and Benefits

- **Safety Identifier** - NeedleTape™ repeating print provides enhanced visual awareness regarding the presence of needles
- **Individually Pre-Cut Tape** - May decrease potential for cross contamination and improved general ease of use
- **Tape Materials** - Proven technology with proven efficacy
- **Two Tone Print** - Enhanced visualization on multiple skin tones
- **Butterfly Backing** - Simple application with minimal handling
- **Radial Cut Edge** - Decreased snagging and unwanted release
- **Packaging** - Enhanced ease of dispensing for expedited application in high paced environments
- **Price** - Positioned to offer cost savings and overall substantial value proposition similar to commonly used medical tapes and adhesives
